

I am so grateful for the love I have received from so many churches and friends in ministry. I appreciate the partnership that we were able to have in the past through Standard Publishing VBS. Although it is sad that era of ministry has ended, I am grateful to each of you that have reached out still wanting your kids to sing my songs in your summer programs and VBS events. I have taken the time to look over various VBS curriculums and make suggestions of what songs of mine I see as being a fit for the teaching and theme. I hope this list will be helpful to you. I love helping resource the church with music and videos their kids love. Thanks for allowing me to serve you and your ministry.
